I'm a proud owner of 3 "Better Than Bouquets". I absolutely love these fresh, fun, unique and easy to care for plant arrangements! The latest one I have outside on our fire table looks fantastic on it!

Why Sustainable Gifting Matters

In today's eco-conscious world, businesses enhance their brand via sustainability.

Premium eco-friendly gifts delight clients and reflect your commitment to environmental responsibility

We love our Better Than Bouquet! We received it as a gift and was such a lovely surprise. Never seen anything like it. Super fun and low maintenance - sustainability built in! We're enjoying it tremendously!

The arrangement was perfect, just as described, it's always good to have options for people in hospitals as flowers are not always welcome by other patients, the owner was fantastic and transaction and delivery on time, thanks for everything / will absolutely recommend it 🙌

I have always had trouble keeping real plants in my home. Now I have 3 better than bouquets in my home and they look amazing! Love the helpful instructions attached to each unique plant/ flowers.

I couldn't be happier! Sara came through with putting together some of the most beautiful live bouquets for Mother's Day. The name Better Than Bouquets is spot on! Would highly recommend and can't wait to be back.

Corporate Gifting
